Beverly Day Care Society
& Family Resource Centre

HELP KEEP BEVERLY DAYCARE AT RUNDLE SCHOOL!

54 YEARS OF CARING FOR OUR COMMUNITY — HELP US STAY!

Since 1972, Beverly Daycare Society and Family Resource Centre has supported generations of families in northeast Edmonton. We are a not-for-profit organization offering inclusive childcare, early learning, family connections and healthy meals. We have operated at the former Rundle School since 2018.

54	**124**	**$200,000**
years serving families	licensed childcare spaces	invested in Rundle School

MORE THAN JUST CHILDCARE

We welcome multigenerational, newcomer and diverse families; offer caring, inclusive programming with multilingual educators; and provide healthy breakfasts, lunches and snacks prepared daily by our on-site cook using a four-week rotating menu. Our indoor and outdoor spaces have been improved through grants, fundraising and organizational resources.

WHY WE NEED YOUR HELP

Following a change in the building's primary tenancy, our future at Rundle School is uncertain. We were not consulted about this change and are seeking a secure arrangement that allows us to remain. Without a solution, 124 childcare spaces and valuable community services could be at risk. We are asking government representatives to work with us to protect these established services.

YOUR VOICE CAN MAKE A DIFFERENCE!

1. Sign the attached support letter and add a personal comment, or write and sign your own letter.
2. Take a clear photo or scan of your signed letter and email it to:

beverlyboardofdirectors@gmail.com.

3. Or drop off your signed letter at the daycare during regular business hours.

Website: https://beverlydaycaresociety.ca/

We are not asking for 124 new childcare spaces.
We are asking for help protecting the 124 spaces that already exist.

HELP KEEP BEVERLY DAYCARE SOCIETY AT RUNDLE SCHOOL!

Community Letter of Support

RE: Protecting Beverly Daycare Society and Family Resource Centre and 124 Licensed Childcare Spaces at Rundle School

Dear Elected Officials and Government Representatives,

I am writing as a concerned community member to express my support for Beverly Daycare Society and Family Resource Centre and to urge government representatives to work together to ensure that this important not-for-profit organization can remain at the former Rundle School in northeast Edmonton.

For 54 years, Beverly Daycare Society has been an important part of the Beverly community, providing childcare, early learning, and family support services to generations of families. Since moving to Rundle School in 2018, the Society has invested approximately $200,000 in improvements to the facility, including enhanced security, renovated childcare spaces, and outdoor play areas.

The Centre provides far more than childcare. Its 124 licensed childcare spaces support working families, newcomer families, and residents from diverse cultural and linguistic backgrounds. Children receive nutritious breakfasts, lunches, and snacks prepared daily by an on-site cook. The Centre also provides a welcoming environment where children can learn, grow, and develop meaningful relationships.

I understand that changes to the building's tenancy arrangements have created uncertainty about the Society's ability to remain at Rundle School. The potential loss of this established community resource would affect not only the children and families currently enrolled, but also the broader neighbourhood that has benefited from its services for decades.

I respectfully ask the Government of Alberta and other relevant decision-makers to prioritize keeping Beverly Daycare Society at Rundle School, explore arrangements that allow existing community organizations to remain, and work collaboratively toward a long-term solution that protects these 124 licensed childcare spaces.

> **Our community needs to preserve the valuable resources we already have. Please help keep Beverly Daycare Society at Rundle School!**

Thank you for your time and consideration.

Sincerely,

Name: _____ **Signature:** _____
